## MRS. FELICE LANFRI, WELL-KNOWN NILES WOMAN, SUMMONED

Large Crowd Pays Trib-  
ute at Funeral Rites  
Saturday

Many Niles residents were saddened last week to hear of the death of Mrs. Felice Lanfri, a pioneer resident of Niles, who died at the San Jose hospital last Thursday morning.

Mrs. Lanfri was born in Italy fifty-eight years ago. She came to this country when she was a child and had resided at Niles for many years, where she was well known and highly respected by a large number of friends.

The deceased is survived by her husband, Bartolomeo Lanfri, two sons and three daughters. These are Guido and James Lanfri, Mrs. Flora Silva, Mrs. Ida Molise, Mrs. Therese Salvadorini.

A large crowd paid their last respects to Mrs. Lanfri at the funeral services held Saturday morning. Requiem high mass for the soul of the deceased was said at the Corpus Christi church in Niles at ten o'clock in the morning, with Father James McCaul officiating. Entombment followed at the Holy Sepulchre mausoleum near Hayward.

## Yule Program at Niles Church Slated Sunday

The parlors of the Niles Congregational church will be converted into a miniature Palestine Sunday night when the annual Christmas program will be presented by members of the Sunday school classes.

A chorus from the Sunday school classes and members of the church choir will sing for the cantata. Arrangements have been made by Reverend E. G. Brinkmeyer for appropriate scenery in which four scenes will be shown simultaneously.

After the program, which is scheduled to begin at 7:45, tea and coffee will be served to all those present.

The public has been cordially invited to attend the affair.

## W. H. Ford Brings About Reduced Fares

Through efforts of William H. Ford, prominent Niles and San Francisco business man, a substantial reduction by the Southern Pacific railroad company in rates on thirty-ride tickets between Niles, Oakland and San Francisco became effective December 1.

Ford has been corresponding with railroad officials since early in the summer giving reasons why he thought a reduction should be made and on the first of this month his efforts were successful, which undoubtedly will result in an important saving for many township people who ride back and forth from Niles to Oakland and San Francisco frequently.

## TOWNSHIP PIONEER CALLED BY DEATH

Mrs. Calderia has been ill for several months. She was a native of the Azores Islands but had been a resident of Washington township for fifty-five years. She was eighty years of age at the time of her passing.

The deceased is survived by her husband, J. B. Calderia; three sisters, Mrs. Henrietta Vargas, of San Leandro; Mrs. Marie Pevotto and Mrs. Martin, both of Alvarado; and one brother, Joe Rogers, of San Leandro.

Botelho mortuary is in charge of funeral arrangements. Burial will be made in the Centerville Holy Ghost cemetery.

## Severe Cold Wave Grips Township; Numerous Week-end Accidents

## PUBLIC'S COOPERATION IN ACCIDENT PREVENTION ON HIGHWAYS IS URGED

### Traffic Officer Geo. Barron Explains Traffic Department

Co-operation of the motoring public in the effort to reduce accidents on the highways was strongly urged by George Barron, of the state highway patrol, in an interesting address on the functions and organization of the state traffic department before Niles Chamber of Commerce Monday noon.

Assuring civic body members that the state highway traffic officers are doing everything within their power to make highways safe for travel, Traffic Officer Barron pointed out the necessity of public's co-operation if further gains in accident prevention are to be accomplished.

Functions of the six bureaus of which the state highway patrol is composed were briefly summarized by the traffic officer.

One of the most important and one in which the public's co-operation is greatly needed, according to Barron, is the bureau of vehicle lights. He said a large number of all the accidents he had investigated had resulted from ineffective headlights. The headlight problem is one of the most difficult problems with which the highway patrol has to deal, Barron said, in explaining to the chamber the importance of properly adjusted lights to safety on the highways.

An asserted defiant attitude assumed by many motorists when stopped for defective lights was deplored by Barron.

From October 29 to November 19 of this year, 8000 bad headlights in the county had come under the notice of the highway patrolmen, and just as many have escaped notice, said the traffic officer in emphasizing the importance of a motorist having the headlights of his car properly adjusted without the necessity of citation by traffic officers.

The importance of the bureau of

vehicle brakes also was stressed by Barron. He said it was impossible for highway patrolmen to determine that all vehicles on the highways are equipped with proper brakes, and that it is the duty of the motorist to assure dependable brakes on his machine in the interest of accident prevention.

Traffic officers spend two weeks every year at a traffic education school in Sacramento where they acquire knowledge of new traffic laws, learn first aid treatment, police science, methods of law enforcement, are instructed in the ability to address gatherings on highway safety programs, etc., according to Barron's explanation of the bureau of traffic education.

The important part played by the bureau of traffic statistics and research in the prevention of accidents was explained to the chamber members.

Explanation was also made by the traffic officer of the bureau of operator's licenses and traffic law enforcement.

Following the custom of previous years, a Christmas tree located by the Niles fire department house will be lighted again this year during the Yule season, it was decided by the chamber. W. B. Kirk, A. J. Petsche and George Bonde were appointed by President F. V. Jones on a committee to attend to the lighting of the tree.

A letter read to the chamber from the executive committee of the Southern Alameda County Highway league requesting \$50 from Niles for a fund to pay expenses of a lobbyist at the next session of the State legislature in the interests of securing the passage of the league's program of inclusion of county roads into the state highway system, will be acted upon by the chamber at next week's meeting.

J. A. Silva was appointed committee chairman for next week.

### Snowfall Covers Hills; Re- cord Set for Cold Weather

Bringing the most severe cold wave that has ever gripped this section, King Winter ruled supreme in Washington township during the past few days.

Numerous automobile accidents, frozen water pipes and automobile radiators, and hazardous traffic conditions were prevalent throughout the township over the week-end as the result of weather conditions.

Four persons received cuts and bruises when a Buick touring car skidded on the icy pavement and overturned on the highway near Overacker crossing between Mission San Jose and Niles Sunday night.

Santiago Cordero, of Decoto, was the driver of the machine and other occupants were his sixteen-year-old son, John, of Decoto, and Mr. and Mrs. Joe Toro, of San Francisco. All received treatment at the Hayward general hospital. The car was completely demolished.

John Gottfriedson, of Stockton, miraculously escaped with only minor injuries when his car skidded on the icy pavement by the Western Pacific tunnel in Niles Canyon Sunday night and rolled twenty feet down an embankment to land bottom side up. Gottfriedson was treated by Dr. E. C. Grau in Niles. His car was badly damaged.

Another wreck occurred by the Western Pacific railroad subway between Niles and Mission San Jose Sunday afternoon when an automobile belonging to the Dominican Sisters at Mission San Jose overturned on the highway as the result of icy pavement.

Icy pavement also caused another automobile, driven by J. Bianos, of Gonzales, to overturn on the highway near the Western Pacific railroad subway. The three occupants escaped injury although the machine was badly damaged.

Dr. W. L. McWhirter and family of Centerville, narrowly escaped injury when the McWhirter car went into the ditch and overturned on the Escobar grade near Mission San Jose Sunday. A truck also went into the ditch near the same spot Sunday.

From early Sunday night until Monday morning the state highway traffic patrolmen kept the Mission San Jose-Sunol highway closed to traffic because of hazardous conditions. Traffic officers also were posted Sunday night in Niles canyon to warn motorists of the slippery condition of the road.

Monday was a busy day for plumbers throughout the township as the result of numerous calls to remedy frozen water pipes. A general epidemic of frozen automobile radiators also was reported throughout the township.

The Mission San Jose and Irvington grammar schools were both closed on Monday due to frozen radiator and water pipes.

According to pioneer residents of the Township, the week-end cold wave was the coldest ever experienced in this section. A cold snap in the winter of 1889 is said to have been the only cold wave in this section that would compare with this winter's conditions.

The first real snowfall in the township for many years accompanied the cold weather. Early as Thursday night of last week, the hills surrounding Niles were

## LAST RESPECTS ARE PAID TO MRS. R. BETTENCOURT

Death summoned another one of Washington's oldest pioneer residents last Thursday when Mrs. Rose Dias Bettencourt died at her home on the Centerville-Irvington highway. An attack of pneumonia resulted in her death. The deceased was born in the Azores Islands seventy-five years ago. She had resided at the family home near Centerville for the past forty-five years.

Mrs. Bettencourt was the beloved wife of the late Manuel E. Bettencourt and the mother of Mrs. Rose Bettencourt Maciel, Mrs. Mary Bettencourt Cunha, and the grandmother of Manuel Mary and Anthony Maciel, all of Centerville.

Funeral services were held from the Botelho mortuary in Centerville at 9:30 Monday morning. High mass for the soul of the deceased was said at the Centerville Holy Ghost church with Father Souza officiating. Interment followed at the Holy Sepulchre cemetery near Hayward.

## RUNAWAY YOUTHS CAPTURED AT NILES

Floyd Dallman and Lloyd Banks, two youths who ran away from their home in Sacramento two weeks ago, were taken into custody by Night Patrolman Arthur Roderick at Niles Sunday night.

Cold weather caused the two to seek shelter at a Niles hotel. After providing the boys with a room, the hotel proprietor notified Night Patrolman Roderick, who questioned them and learned they had run away from their homes Monday, December 4. Deputy Sheriff Hugo Radbruch took the pair to the juvenile court in Oakland Monday morning where they were turned over to their parents.

## HIGHWAY LEAGUE TO KEEP LOBBYIST AT STATE CAPITOL

Various Towns Will Con-  
tribute to Expense  
of Maintenance

A lobbyist will be maintained at Sacramento during the next few months to further the Southern Alameda County Highway League's program of having certain Alameda county highways included in the state highway system, it was decided at a meeting of the executive committee held in Hayward last week.

Various communities in Washington township were represented at the gathering.

The lobbyist plan submitted by George E. Sheldon, secretary of the Oakland Up-Town Association, calls for requests of sums varying from \$50 to \$100 of each town and city in the county, with \$300 to be asked from Oakland. Canvass also will be made of a list of about 200 large landholders in the county, according to the plan.

The highway league's program will be included in the terms of a bill which Senator Arthur H. Breed, of Oakland, plans to introduce in next month's legislative session. Nearly forty sections of highways, scattered throughout the county and totaling about 300 miles in length, are included in the league's program for inclusion into the state system.

This plan is part of Senator Breed's proposal to have 2900 miles of county roads in northern California taken into the state highway system. According to Sheldon's declaration at the Hayward meeting, adoption of the proposal will mean elimination of the maintenance of the roads, a num-ber of 20-cent rural road tax and result in saving approximately \$90,000 annually to the taxpayers in the county.

Senator Breed's bill also will call for reallocation of state gasoline tax funds to provide state maintenance of the roads, number of which are chief arteries in various cities of the county.

Two proposed routes for lateral highways leading to the planned Oakland-San Francisco bay bridge also were endorsed by the executive committee at the meeting. One of these routes covers a road along 40th street, in North Oakland, to Moraga road and Mountain boulevard, thence along a route already endorsed through Redwood Canyon, Castro Valley and to the Hayward-San Mateo bridge.

The other route endorsed a plan that San Pablo avenue be retained as the main entry to Oakland in place of a new planned road to be built out in the bay between the new bridge and Ashby avenue, Berkeley.

## Niles Man Wins Toyon Branch Christmas Tree

At the drawing held Saturday at the Hotel Oakland, Stewart Marshall, employed in the meat department at the Niles market, won the beautifully decorated Christmas tree which was on display in the Toyon branch booth at the annual benefit Christmas bazaar held in Oakland recently. Tickets on the tree were sold throughout the east bay area. Mrs. H. R. Hunt, of Niles, was in charge of the drawing.

## VISIT MRS. FORD.

Many friends of Mrs. William Ford in Washington township are glad to hear she is recovering satisfactorily in a sanitarium at San Francisco. Mrs. H. R. Hunt visited her there last Wednesday and on last Thursday Mr. and Mrs. J. E. Thane and Mrs. J. R. Whipple paid her a visit.

## Diet Didn't Do This!

**HAPPY** little girl, just bursting with pep, and she has never tasted a "tonic"

Every child's stomach, liver, and bowels need stimulating at times, but give children something you know all about.

Follow the advice of that famous family physician who gave the world Syrup Pepsin. Stimulate the body's vital organs. Dr. Caldwell's prescription of pure pepsin, active senna, and fresh herbs is a mild stimulant that keeps the system from getting sluggish.

If your youngsters don't do well at school, don't play as hard or eat as well as other children do, begin this evening with Dr. Caldwell's

Syrup Pepsin. This gentle stimulant will soon right things! The bowels will move with better regularity and thoroughness. There won't be so many sick spells or colds. You'll find it just as wonderful for adults, too, in larger spoonfuls!

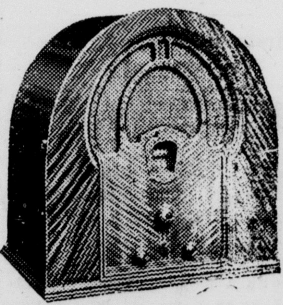

Get some Syrup Pepsin; protect your household from those bilious days, frequent headaches, and that sluggish state of half-health that means the bowels need stimulating. Keep this preparation in the home to use instead of harsh cathartics that cause chronic constipation if taken too often. You can always get Dr. Caldwell's Syrup Pepsin at any drug store; they have it all ready in big bottles.

## WASHINGTON HIGH HOOPERS LOSE 3 CONTESTS; WIN 1

### Drop Double Bill to Livermore and Split With Hayward

Opening hostilities in Southern Alameda County league competition last week, Coach Jess Regli's Washington Union High school Class B quintet broke even in two contests, while the unlimited five got off to a bad start by dropping two games.

Poor refereeing was largely responsible for the double defeat of the Cornhuskers at the hands of the Livermore high school fives last Tuesday night at Livermore.

In the Class B tilt, Washington lost a 35 to 29 battle, while the unlimiteds were nosed out 33 to 25.

Clearly outclassing their opponents, the B hoopers took the Hayward Farmers into camp last Thursday night in the Centerville gymnasium by 23 to 11 count, while Hayward drubbed the unlimiteds cagers 25 to 14.

### HAYWARD B. GAME

Washington took an early lead in the B tilt with Hayward and were never headed. The score at half time read 14 to 3 in the Cornhuskers' favor. Fudenna was high point man for Washington with ten counters. Sekigahama followed with seven.

Washington line-up and scoring was: Sekigahama (7), Brown (2), Amaral, Fudenna (10), Whipple, forwards; Koga (1), Yamashita, Gonsalves, center; Muni (1), Kato, Mendenhall, Reina, Steinhoff, Masuda (2), Dusterberry, guards.

**HAYWARD UNLIMITED GAME**  
The Farmers were too much for the Washington unlimited five and assumed an early lead which was never threatened. The Cornhuskers failed to display any teamwork and were unable to work the ball through the Hayward defense. At the close of the first half Hayward lead 11 to 7.

Washington line-up and scoring: Laybourne, (7), Rathbone, Phippen (6), Rose, forwards; Rodriguez, Scott, center; Coley, Maderios, Martin, Brown (1), guards.

### LIVERMORE B GAME

The lead seasawed back and forth in the Class B clash with Livermore. The Cowboys held a slender lead at half time when the score was 23 to 20. Sekigahama was the shining light for the Cornhuskers, copping high scoring honors with twelve points and turning in a nice defensive game.

Washington line-up and scoring: Sekigahama (12), Masuda, Fudenna (5), Whipple, forwards; Koga (4), Yamashita (1), center; Reina (4), Dusterberry, Brown (1), Muni, Isako, guards.

**LIVERMORE UNLIMITED GAME**  
Closeness also featured the unlimited game with the lead alternating between the two fives throughout the contest. A field goal by Livermore man after the whistle for too many steps was allowed by the referee and gave the Cowboys a 13 to 11 advantage at the close of the first half.

Phippen captured high scoring honors for the Cornhuskers with a total of thirteen points. Washington line-up and scoring: Laybourne (2), Rathbone (2), Phippen (13), Maderios, forwards; Rose (1), Rodriguez (3), center; Scott, Coley, Maderios, Martin (1), Brown (2), guards.

### PRESENT OPERETTA

## ALVARADO MAN TO FACE TRIAL FOR BATTERY

Facing a charge of battery, Paul Delano, of Alvarado, will be tried before Judge Allen G. Norris in the Centerville justice court tomorrow afternoon (Friday). Arraignment was held last Friday at which time the defendant plead not guilty.

Delano is alleged to have struck A. B. Dekithus several times with his fists near a duck pond located on the Holly Sugar Company property near Alvarado on Tuesday, December 6. Dekithus, employed at a watchman at the pond, suspected Delano of poaching on the grounds.

## Personal Items

J. V. Gould returned Tuesday to his duties as instructor at the high school after a three-day absence caused by sickness.

Dr. and Mrs. G. S. Holeman entertained Mr. and Mrs. Glen Bump, of Oakland, at their home Sunday.

Mr. and Mrs. W. W. Walton, Mr. and Mrs. Allen Walton, and Mr. and Mrs. Jorgenson, of Hayward, were visitors in Rio Vista Sunday.

## AFRICAN JUNGLE FILM SLATED AT HAYWARD MOVIE

A thrilling picture of wild animal life in the African jungles is offered at the Hayward theater Friday and Saturday nights, December 16 and 17, when "Bring 'Em Back Alive" will be shown. Another feature, "Age of Consent," also is on the program.

For Sunday and Monday nights, December 18 and 19, popular Will Rogers is the attraction in "Too Busy to Work." Robert Montgomery is starred in the film, "Faithless" Tuesday night, December 20. Glassware will be given away to those attending.

"The Most Dangerous Criminal" is the feature for Wednesday and Thursday night, December 21 and 22. An added attraction Wednesday night will be the awarding of five live turkeys to patrons.

## ELABORATE PLANS MADE FOR LIONS CHRISTMAS PARTY

### Yule Spirit to Predominate at Affair On Dec. 21

A real Santa Claus who will pass out gifts and candy to the children, a brilliantly decorated Christmas tree, and Yuletide spirit galore will prevail at the Christmas party to be given by the Centerville Lions Club at their last meeting of the year, Wednesday night, December 21, Joe Jason, chairman of the committee in charge of arrangements, has announced.

Jason is being assisted in planning for the affair by Dr. G. Holeman, Frank Madruga, Ira Hodgkins, Harold De Leon and Chick Santos. With this group sparing no effort in planning for an evening of real Yule cheer, all members and their families attending are promised an enjoyable time.

Appropriate music will be provided during the evening by Harry Salz, while Paul Pitman, former Big Brother over a radio station, will be present to deliver a Christmas talk to the children.

At the meeting of the Lions held last Wednesday night, a lively program of entertainment was presented by Hayward Lions club members. Music was provided by the Walnut Creek Lions' band.

Allen G. Norris, of the Centerville den, and Don Leidig of the Hayward Lions spoke briefly in support of the \$3,000,000 relief bond issue to be voted on in the county December 20.

### CHRISTMAS PROGRAM

With all plans completed, an entertaining time is promised members and families of the Centerville Druids Grove and Victory Circle lodge when the two orders hold their Christmas party Monday night at Anderson's hall. Santa Claus will distribute candy, nuts and fruit to all the children, and an appropriate Yule program will be presented. Refreshments will be served after the program.

### SCHOOL PROGRAM

The Washington Union High school will close for the Christmas holidays tomorrow afternoon (Friday) with the presentation of their annual Christmas program. The Girls' League, headed by Katherine Whitfield, is in charge of the program. School will resume Tuesday morning, January 3.

It's time now to pick out your Christmas cards at Hayward Drug Co., 950 B street, where you will find the widest selection and the prettiest kinds.—D15c

# WAR

Not since the critical days of 1917 when the fate of the world hung in the balance, have the people of Alameda County faced a call to arms as they do today to relieve human suffering and want.

Today 55,126 people, comprising 13,000 families, over 25,000 of whom are children, in Alameda County, many of them your own neighbors, are facing cold, hunger, want and privation this winter, unless the \$3,000,000 county wide relief bond issue is approved at the election, Tuesday, December 20.

Because of economic conditions, the list of destitute men, women and children is growing at the rate of 2800 persons or 700 families per month in Alameda County.

Unless you rally with the same patriotism you did under the stress of war in 1917, and assure the passage of the relief bonds, these people will face the winter in a state of actual starvation. Unless the bonds carry the relief forces of Alameda County will be powerless to prevent this wide spread suffering.

BE PREPARED FOR 'COLD PEAK' WEATHER WITH CAREFREE GAS HEAT

AN ABUNDANCE OF HEAT WITHOUT BASEMENT WORK

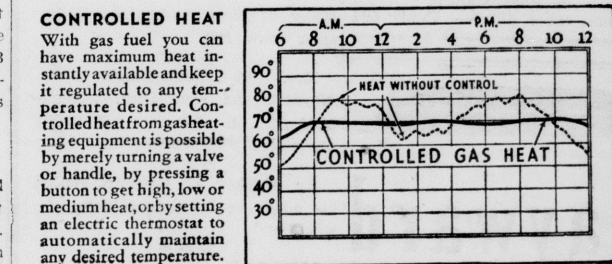

THERE is no doubt about it—no man likes the chore of fuel carrying, fire building and waste disposal that hand-fired heating equipment demands. It is an especially disagreeable task when a dead fire demands attention after one has had a hard day's work in office, shop, or field.

Get rid of fire stoking and stove cleaning. Heat your home the clean, convenient, modern way, with Controlled Gas heat that gives to every room even "Comfort Zone" warmth at a finger's touch of electric button, key, or automatic thermostat.

The difficult heating season is with us now, months of "Cold Peak" weather. Perhaps last winter you fired up your present heating plant to the limit, but still the house was cold. Change now to gas heating equipment and presto! an abundance of heat is yours to command. Economical, clean heat flowing into every room of your house without worry or work.

Won't you investigate the type of gas heating equipment your home needs? Ask a representative of this company or consult your local gas heating dealer, and have them give you an estimate for gas heating equipment in your home. Only a small cash deposit is necessary while the balance may be spread over a long period of time.

Natural Gas will maintain this "Comfort Zone" at low cost

### Sunol Man Dies of Pneumonia in Livermore

One of the oldest and most widely known cattlemen in Sunol was claimed by death last week, when Joaquin Marciel passed away at a Livermore hospital last Tuesday eve following a two-day illness with pneumonia.

Marciel lived in a cabin located on the La Costa creek near Sunol for fifty years. He was a noted cattleman of that section, and was well liked by the older residents of that community.

He was a native of the Azores islands and was a young man when he came to the United States. At the time of his death he was seventy-seven years of age. In spite of his age Marciel was active and enjoyed the best of health until his sudden illness.

Funeral services were conducted last Friday morning at the St. Michael's church in Livermore by Father Looney. Interment will follow at the St. Michael's cemetery.

Marciel was a bachelor and is survived by a brother, Marcelino, who was living with him at La Costa. He also leaves a number of nephews who live in Livermore.

Bayer Aspirin offers safe and speedy relief of headaches, colds, a sore throat, neuralgia, neuritis, lumbago, rheumatism, or periodic pain. It contains no coarse, irritating particles or impurities.

## Hollander Entertains At Church Banquet

More than fifty people, young and old, met at the Presbyterian church Friday evening to partake of the many fine morsels the ladies of the church had spread upon the banquet table. Alex de Knoop, electrician at the Wedgewood foundry, served as the principal after-dinner speaker. De Knoop, who is Holland-born and bred, took guests on an imaginary trip to his native country by boat from New York, and later took them to the various points of interest in Holland.

De Knoop served several years on board a liner between Rotterdam and New York. He is a pleasing and fluent speaker and his talk was highly appreciated. At its close he and Mrs. de Knoop, also of Dutch birth, sang two songs, one in Dutch and one in English.
